REHUMILE SEKOTO

JUNIOR SOFTWARE DEVELOPER

071-440-6771 | sekotorehumile1@gmail.com | Linkedin | Github

INTRODUCTION

I am a recent Software Development graduate at CodeSpace Academy seeking a full-time position or internship where I can grow my skills as a Software Developer. After completing a Responsive Web Design Course from FreeCodeCamp, I had the opportunity to move to CodeSpace Academy where I could deepen my learning in a structured environment. I have gained a strong foundation in the software development concepts and frontend technologies including HTML, CSS, Javascript and React.js. My studies have prepared me to learn rapidly and I am committed to learning more especially from experienced professionals in the field.

SKILLS

Technical skills
- HTML & CSS
- Javascript
- Git/Version control
- ReactJs
- TypeScript
- Material UI
- Microsoft Office (Word, Excel, PowerPoint)

Soft Skills
- Teamwork & Collaboration
- Verbal Communication
- Attention to detail
- Problem Solving

PROJECTS

Podcast Web App
- Podcast Hub

APodcast app that allows you to browse through various podcasts, listen to them and even add them to favourites. Languages used are HTML, CSS and React Library.
